The Art Collection showcases the vast potential of NappaTile. With no repeat necessary, design possibilities are endless. Designers can use the wall as an empty canvas to create their own work of art.

Select from thousands of different materials and colors in any tile size from 2”x2” to 42”x42”. The designs included in this book are just a starting place for inspiration.
NappaCraft was honored “Best of NeoCon” Silver for Best Wall Treatment by Contract Magazine. The competition honors new products introduced to the U.S. market. Jurors are corporate, government, and institutional facilities executives, who are members of IFMA; and interior designers/architects who are members of IIDA.

CRESCENDO Padded

Inspiration
An undulating, tidal scene. The light colors at the crest swell high and free to a crescendo until the current crashes down onto the thinnest of darker tile hues. These waves are repeated and stretched showing the ebb and flow of the ocean.

SKYFALL

Inspiration
Diamonds fall from the sky. The appearance of light and airy diamonds in the sky transform to heavier and bolder gems upon impact. This design interplays beautifully with dimension as flat, weightless tiles at the pinnacle flicker down to weighted, padded tiles near the base.

Size Shown
6” x 6” Padded & Unpadded
Can be made in any size from 2” x 2” – 42” x 42”

SPECTRUM

Inspiration
The changing of the guards. Spectrum encompasses the gentle dispersion of lighter and darker tone colors. The seamless transition is subtle due to the soft, unifying link between all the pieces.

TRIFECTA

Inspiration
Hit the Trifecta. Sharp triangles intertwine in a cacophonous scene of colors and dimension. Individual padded & regular tiles of contrasting colors angle for attention yet each piece contributes to the harmonious melody of the overall mosaic.

ZIGZAG

Inspiration
A lightning strike of color. The juxtaposition of fine unique materials creates bolts of color, weaving in and out of the wall. Sharp, variable angles of contrasting colors give the pattern an extra accent to catch any wandering eyes.

We provide design services to help designers and installers from beginning to end. The NappaTile team can help create renderings and scale designs to fit their wall space. Installation layouts are also provided for certain design for easy installation.
RENDERING SERVICES

Simply provide wall dimensions and preferred pattern to the NappaTile team to receive renderings. We can provide recommendations for custom sizes along with any other adjustments necessary to fit the tiles onto your wall. Inquire for this design service by reaching out to the NappaTile team.
The patterns included in the Art Collection are generic sizes which can be re-scaled to fit your wall. Simply select your preferred pattern and provide the dimension of the space. The NappaTile team will then scale the tiles to fit your wall by expanding or shrinking the design.

**Example**
The client selected pattern Spectrum with wall width 32 feet. The NappaTile team expanded the Spectrum pattern while keeping the same aesthetic of Spectrum to fit the larger wall space.
INSTALLATION LAYOUT

Contractors will receive an easy to follow installation layout made custom for their project for specific patterns. Tiles will be labelled on the back-side with a code that corresponds to the installation legend. Many designs in Art Collection have no repeat and are one of a kind. Each job is made based on the project’s dimensions.
